Step 1. Choose the field type Step 1

Specify the type of information that the custom field will contain.

Data Type

None Selected Select one of the data types below.

Formula A read-only field that derives its value from a formula expression you define. The formula field is updated when any of the source fields change.

Roll-Up Summary A read-only field that displays the sum, minimum, or maximum value of a field in a related list or the record count of all records listed in a related list.

Lookup Relationship Creates a relationship that links this object to another object. The relationship field allows users to click on a lookup icon to select a value from a popup list. The other object is the source of the values in the list.

Master-Detail Relationship Creates a special type of parent-child relationship between this object (the child, or "detail") and another object (the parent, or "master") where:

- The relationship field is required on all detail records.
- The ownership and sharing of a detail record are determined by the master record.
- When a user deletes the master record, all detail records are deleted.

The screenshot shows the 'Report Types' setup page in Salesforce. A new custom report type is being created, named 'warehouse'. The 'Report Type Focus' section specifies 'Warehouses' as the primary object. The 'Identification' section sets the report type label and name both to 'warehouse'. The 'Deployment' section indicates the report type is in development. The page is part of a two-step wizard, with step 1 completed.

This screenshot shows the Salesforce Object Manager interface. The top navigation bar has tabs for 'Successful Developer Edition', 'Welcome to Salesforce: Verify', 'Home | Salesforce', 'contact | Salesforce', and 'Change Your Password | Sale'. Below the tabs, the URL is 'arignarannaartscollegevill6-dev-ed.develop.lightning.force.com/lightning/setup/ObjectManager/01I5i000001mvHv/FieldsAndRelationships/new'. The browser's address bar also shows this URL. The page title is 'contact | Salesforce'. The left sidebar has a 'Setup' icon and links to 'Home', 'Object Manager', and other setup categories like 'Details', 'Page Layouts', 'Lightning Record Pages', etc. The main content area is titled 'SETUP > OBJECT MANAGER contact'. It shows the 'Fields & Relationships' tab selected. On the right, there are sections for 'Description' and 'Help Text' with input fields. At the bottom right of the main area are buttons for 'Previous', 'Next', and 'Cancel'. The bottom of the screen shows the Windows taskbar with the Start button, a search bar, and icons for File Explorer, Edge, File, Mail, and Google Chrome. The system tray shows the date and time as '4/11/2023 11:42 AM' and the weather as '31°C Sunny'.

Checkbox: Allows users to select a True (checked) or False (unchecked) value.

Currency: Allows users to enter a dollar or other currency amount and automatically formats the field as a currency amount. This can be useful if you export data to Excel or another spreadsheet.

Date: Allows users to enter a date or pick a date from a popup calendar.

Date/Time: Allows users to enter a date and time, or pick a date from a popup calendar. When users click a date in the pop-up, that date and the current time are entered into the Date/Time field.

Email: Allows users to enter an email address, which is validated to ensure proper format. If this field is specified for a contact or lead, users can choose the address when clicking Send an Email. Note that custom email addresses cannot be used for mass emails.

Geolocation: Allows users to define locations. Includes latitude and longitude components, and can be used to calculate distance.

Number: Allows users to enter any number. Leading zeros are removed.

Percent: Allows users to enter a percentage number, for example, '10' and automatically adds the percent sign to the number.

Phone: Allows users to enter any phone number. Automatically formats it as a phone number.

Picklist: Allows users to select a value from a list you define.

Picklist (Multi-Select): Allows users to select multiple values from a list you define.

Text: Allows users to enter any combination of letters and numbers.

Text Area: Allows users to enter up to 255 characters on separate lines.

Account Validation Rule

Define a validation rule by specifying an error condition and a corresponding error message. The error condition is written as a Boolean formula expression that returns true or false. When the formula expression returns true, the save will be aborted and the error message will be displayed. The user can correct the error and try again.

Validation Rule Edit

Rule Name: Phone_number_has_international_format

Active:

Description:

Error Condition Formula

Example: Discount_Percent_c>0.30 More Examples...
Display an error if Discount is more than 30%
If this formula expression is true, display the text defined in the Error Message area

Insert Field Insert Operator

LEFT(Phone,1)<>"+"

Functions

ABS ACOS ADDMONTHS AND ASCII ASIN

Insert Selected Function
ABS(number)
Returns the absolute value of a number, a number without its sign

This screenshot shows the Salesforce App Manager interface for creating a new Lightning App. The main window title is "New Lightning App". In the "Available Items" section, a search bar contains the text "cam". The "Selected Items" section lists several standard objects: Accounts, Contacts, Opportunities, Leads, Display/trackings, and Campaigns. Below the list are up and down arrow buttons for reordering. At the bottom of the window, a progress bar shows step 3 of 4 completed, with a "Next" button. The left sidebar shows the current user's profile and various app categories like Data, Apps, and Communities. The bottom navigation bar displays recent apps such as "Lightning Bolt Solutions" and "Bolt Solutions", along with system status information including the date (11/04/2023), time (7:56 am and 7:58 am), and the current environment (Classic or Lightning). The taskbar at the bottom also includes a search bar and icons for various Windows applications.

The screenshot shows the Salesforce Setup interface with the following details:

- Header:** The top navigation bar includes tabs for "Successful Developer Edition", "Welcome to Salesforce: Verify", "Home | Salesforce", "Tabs | Salesforce", and "Change Your Password | Sale...".
- Left Sidebar:** A sidebar titled "Setup" contains sections for "Salesforce Mobile App", "Data", "Apps", "Connected Apps", "Lightning Bolt", "Mobile Apps", and "Salesforce".
- Search Bar:** A search bar at the top right contains the text "tab".
- Content Area:** The main content area is titled "SETUP Tabs" and displays "Step 3. Add to Custom Apps". It instructs the user to choose custom apps for which the new custom tab will be available. The table lists various standard and sample console applications, each with an "Include Tab" checkbox checked.

Custom App	Include Tab
Platform (standard__Platform)	<input checked="" type="checkbox"/>
Sales (standard__Sales)	<input checked="" type="checkbox"/>
Service (standard__Service)	<input checked="" type="checkbox"/>
Marketing (standard__Marketing)	<input checked="" type="checkbox"/>
Sample Console (standard__ServiceConsole)	<input checked="" type="checkbox"/>
High Volume Customer Portal User	<input checked="" type="checkbox"/>
Authenticated Website User	<input checked="" type="checkbox"/>
App Launcher (standard__AppLauncher)	<input checked="" type="checkbox"/>
Community (standard__Community)	<input checked="" type="checkbox"/>
Site.com (standard__Sites)	<input checked="" type="checkbox"/>
